

# ILLINOIS: Cement Industry Impact

## PLANT LOCATIONS

## ILLINOIS ECONOMIC DATA\*

- Cement and related economic contribution to state: **\$4.35 billion**
- Cement and related employees: 6,241 with a payroll of **\$504.1 million**
- Cement employees: 223 with a payroll of **\$17.4 million**
- Cement and related industries' contribution to state tax revenue: **\$86.8 million**

\*Data based on 2023 ACA Market Intelligence survey results

ILLINOIS SENATORS: Dick Durbin (D) and Tammy Duckworth (D)

COMPANY	LOCATION	HOUSE MEMBERS
Amrize	Grand Chain	Mike Bost (R-12th)
Eagle Materials <sup>1</sup>	La Salle	Lauren Underwood (D-14th)

## TERMINALS

- Amrize**, Lemont, Bill Foster (D-11th)  
**Amrize**, Chicago, Robin Kelly (D-2nd)  
**Amrize**, Summit, Chuy Garcia (D-4th)  
**Amrize**, Waukegan, Robin Kelly (D-2nd)  
**Buzzi Unicem USA**, Joliet, Lauren Underwood (D-14th)  
**Buzzi Unicem USA**, Rock Island, Eric Sorensen (D-17th)  
**Buzzi Unicem USA**, Oglesby, Darin LaHood (R-16th)  
**Eagle Materials<sup>1</sup>**, South Beloit, Darin LaHood (R-16th)  
**Heidelberg Materials**, Plainfield, Lauren Underwood (D-14th)  
**St. Marys Cement**, Waukegan, Brad Schnieder (D-10th)  
**St. Marys Cement**, Chicago, Robin Kelly (D-2nd)

Locations with terminals are indicated on the map with a black dot

## American Cement Association, Representing America's Cement Manufacturers

The cement and concrete industry contributes approximately **\$130 billion to the U.S. economy** and directly and indirectly employs 577,000 people. It operates in every state in the continental U.S.

Concrete is formed when cement is mixed with water and aggregate (sand and rock) and allowed to harden. Cement is the glue that holds concrete together.

**Concrete, the second most-utilized material in the world** after water, sees an annual usage of about 260 million cubic yards in the U.S. In plain terms, that's 600 times the amount of concrete in The Pentagon—annually.

Concrete is used to build highways, bridges, airport runways, water and sewage pipes, high-rise buildings, dams, homes, floors, sidewalks, and driveways. Concrete's durability makes it the most disaster-resilient construction material available.

**For decades, ACA member companies** have invested millions of dollars in research and state-of-the-art technology to manufacture resilient and sustainable cement for use in construction.

The **American Cement Association** is the premier policy, research, education, and market intelligence organization serving America's cement industry. ACA supports sustainability, innovation, and safety while fostering continuous improvement in cement manufacturing, distribution, infrastructure, and economic growth.
